Welcome

Holdsworth Packaging - Manufacturers of Bespoke Boxes and suppliers of general packaging materials from stock

NO MINIMUM ORDER VALUE, NO LOCAL DELIVERY CHARGE.

Holdsworth Packaging was formed in 1989 by Chris Holdsworth, following a career selling packaging in Central London. The business has steadily grown and relied upon offering a friendly, reliable service, competitive pricing and a bespoke service and products, tailored to meet the needs of our existing and prospective customers.

Our ability to manufacture boxes in house, with short set up times, allows us to offer a unique service, in that there is no minimum run for bespoke sized boxes.

In addition, our wide range of packaging materials, stocked in volume at our warehouse in Sheffield, means that we are able to fulfil the full range of requirements to customers for convenience and efficiency in ordering and stock management.

May I encourage you to browse through these pages. I feel confident you will find something to interest you... and then we are only a phone call away.
